

Table 7: Pipeline Output — AI Harmonization Verdicts with Reasoning

Source Question (CPS)	ACS Question	Tier	Barrier	Conf.	AI Rater Reasoning
(Do/Does name) have difficulty dressing or bathing?	Does this person have difficulty dressing or bathing?	F1	NHB.0	HIGH	Same self-care concept. CPS adapts phrasing for household context only.
(Name's/your) hourly rate of pay on this job, excl. overtime/tips?	Excl. overtime/tips, what is your hourly rate of pay on this job?	F1	NHB.0	HIGH	Identical exclusions and job framing; stylistic word-order difference only.
Did (name/you) ever serve on active duty in U.S. Armed Forces?	Has this person ever served on active duty in Armed Forces, Reserves, or Guard?	F2	CC.4	HIGH	ACS explicitly adds Reserves/Guard; CPS yes-respondents are a subset.
Exact number of hours (name/you) worked last week (actual, not usual)?	How many hours do you usually work per week at this rate?	F3	CC.2	HIGH	Actual hours in specific week vs. usual; gap is non-trivial in volatile employment.
(Has name/you) been doing anything to find work in the last 4 weeks?	Has this person been told they will be recalled within the next 6 months?	F3	CC.1	HIGH	CPS = active job search (past 4 wks); ACS = employer recall notice (future).

NHB.0 = no barrier | CC.4 = construct scope | CC.2 = construct precision | CC.1 = fundamental construct mismatch
Pair IDs: CPS_0858 (F1-A), CPS_0962 (F1-B), CPS_0212 (F2-A), CPS_0040 (F3 hours), CPS_0186 (F3 unemployment). Reasoning from Stage 2 AI rater (claude-haiku-4-5). Final verdicts from Stage 3 arbitration.
